About Me

I am a university student majoring in Computer Systems Engineering and minoring in full-stack development. Along with my interest in AWS, I am passionate about building user-friendly interfaces and scalable back-end architectures

Experience

Odontología Integral & Estética
Full-Stack Developer

I developed a patient management software for Dr. Wendy Berenice Romero Victoria, it is a web system made in Next.JS with Bootstrap for the front-end and Firebase as back-end using authentication services, Firestore database and cloud storage.

Universidad Autónoma de Manizales
Unity Game Developer

I developed three virtual reality games in Unity for a physiotherapy university for senior citizens, consisting of activities that would allow the patient to perform their exercises in a fun and entertaining way.

Education

2016
CBTIS 052

Programming technician

I studied 3 years at CBTIS 052 (Centro Bachillerato Tecnológico Industrial y de Servicios No. 52) high school in Zamora where I majored as a programming technician.

2019
ITESZ

Computer Systems Enginnering

I am currently at ITESZ (Instituto Tecnológico de Estudios Superiores de Zamora) majoring in Computer Systems Engineering and minoring in Full-Stack Development.

Language

Spanish   Fluent

English   Fluent

Skills

- Front-End (React, Next.JS, Angular JS)
- Back-End (SQL Server, MongoDB, Firebase, Node.JS)
- AWS cloud
- Mobile (React Native, Flutter, Kotlin)
- Desktop (python, Java)

Certificates

AWS Academy Graduate - AWS Academy Cloud Developing
